LIGHT THE FIRE WITHIN

(Tenor Solo)
We will light the fire within.
We will light the fire the fire, within.

(Choir)
Have no fear when darkness falls
'Cause there's a light that shines within the song.
Although this world can turn so cold, when we reach inside we find dawn.
'Cause there's a flame that burns in ev'ry heart,
And it's the will we have that lights the spark.

Once in ev'ry lifetime there's a chance to stand apart,
We can show the world our very best, reveal what's in our heart.
So the story goes and glory never will end,
The inspiration lights the fire within.

And if we fall, we won't stay down,
We will get back up and use the strength we've found.
And we will rise like champions. Ev'ry obstacle we'll over-come.

Once in ev'ry lifetime there's a chance to stand apart,
We can show the world our very best, reveal what's in our heart.
So the story goes and glory never will end,
And inspiration lights the fire within.

And if we just stay strong, then our hearts will know the song.

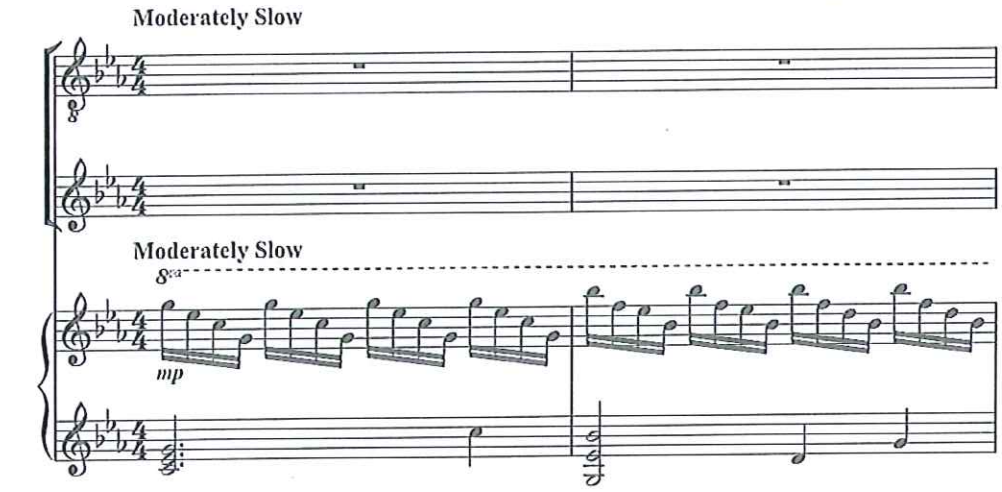

(Tenor & Choir)
Once in ev'ry life time there's a chance to stand apart,
We can show the world our very best, reveal what's in our heart.
So the story goes and glory never will end,
This inspiration lights a fire in each heart the burning desire.
Inspiration lights a fire within.
This fire.
The light within.
Let's light the fire.
Let's light the fire,
The fire within.
This fire.
The light within.
Let's light the fire.
Let's light the fire with-in.
